

GROUP 10-YEAR LEVEL TERM LIFE INSURANCE

Frequently Asked Questions

WHAT EXACTLY DO YOU MEAN BY GROUP 10-YEAR LEVEL TERM?

When you buy level term life insurance, your premiums are guaranteed to remain the same for the entire initial 10-year period or term. Plus, you'll enjoy a level amount of insurance until your coverage ends at age 75. Coverage never reduces due to your age.

After the 10-year term ends, you have two renewal options:

1. You can reapply for a new 10-year term if you are under age 65 and still meet eligibility requirements. If your application is approved, your premium contributions will be based on your age and health status at the time coverage becomes effective and will be guaranteed for the new 10-year term.
2. You can continue your existing coverage until you reach age 75, but on a non-guaranteed basis, with increasing premium contributions as you age. Under this option, you are not required to reapply, and you are not subject to medical underwriting requirements.

Coverage terminates on the policy anniversary following the covered person's 75th birthday.

HOW MUCH COVERAGE IS AVAILABLE?

You are eligible to request a benefit amount from \$50,000 up to \$1,000,000 (in \$25,000 increments). The same benefits are available to your spouse, provided that the amount does not exceed 100% of yours. Each eligible dependent child may be insured for \$5,000 from 6 months of age to 18 years (age 25 if a full-time student) and \$500 from 14 days to under 6 months.

The aggregate coverage amount for all life plans cannot exceed \$1,500,000 for the member and \$1,250,000 for the spouse.

HOW DO I KNOW WHAT RATES I'LL ACTUALLY PAY?

We encourage you to first consider the amount of coverage you actually need. Then, complete your application accordingly. You will be billed at the premium contribution level (Preferred, Select, or Standard) determined by the medical underwriting of your application. Non-smokers meeting the highest underwriting standards may qualify for the "Preferred" premium rates. Other non-smokers may qualify for "Select" or "Standard" rates. Smokers only qualify for standard rates. We have provided all the Preferred, Select, and Standard rates for your

reference (see page 4).

WHAT ELSE CAN YOU TELL ME ABOUT NEW YORK LIFE INSURANCE COMPANY?

New York Life is one of the nation's most respected insurers. They have the highest financial strength ratings currently awarded to any life insurer from the leading independent rating services: A.M. Best (A++), Fitch Ratings (AAA), Standard & Poor's (AA+), and Moody's Investors Service (Aaa), June 9, 2016.

WHEN DO VOLUME DISCOUNTS APPLY?

Volume discounts are valid when you choose an individual coverage amount of \$250,000 or greater.

CAN I INCLUDE MY SPOUSE AND CHILDREN?

Yes, you may apply for coverage for your spouse, provided he/she is under age 65. Your unmarried dependent children through 18 (through 25 if full-time student) are also eligible for coverage provided that you are currently insured or request coverage as well.

ELIGIBILITY

All eligible members of the National Society of Professional Engineers (NSPE), under age 65, who are residents of eligible states in the U.S., or Quebec, Canada may apply. **Ineligible states include:** AK, FL, LA, ME, MT, NC, OH, TX, VT, WA and Canada

Your spouse, under age 65, and your unmarried dependent children under age 18 (25 if full-time student) are also eligible for coverage, provided you are currently insured or request coverage in the Group 10-year level term life plan.

GROUP 10-YEAR LEVEL TERM LIFE INSURANCE

Current 2017 Annual Premium Rates

The cost of this life insurance is based upon the member and spouse's gender, amount of insurance requested, usage of tobacco/nicotine products, health status, and attained age on the date coverage is issued. The annual premium for all children is \$6.00 for \$5,000 of coverage.

The premium contributions tables shown reflect the current rate and benefit structure for an initial 10-year term. Premiums are guaranteed to remain level for the first 10 years of coverage. Then, if still eligible, you may reapply for the 10-year level rates in effect for a subsequent term, which would be determined based on your then-current age, health, and smoking status and be guaranteed for 10 years. If you're not approved for a subsequent 10-year period, coverage will continue in force on a conventional, non-guaranteed rate basis with increasing premiums as the insured ages.

Non-smokers meeting the highest underwriting standards may qualify for the "Preferred" premium rates. Other non-smokers may qualify for "Select" or "Standard" rates. Upon approval of your application, you will be notified of the rate classification for each approved person.

Due to Montana regulations, male rates apply to all Montana residents, regardless of a person's sex.

Coverage Details

UNDERWRITING REQUIREMENTS

Because of the high benefit amounts offered, you may be asked to have a medical examination, submit to a blood test, and/or provide additional health information. Call the Plan Administrator for details. If approved, coverage will be effective as indicated on the enrollment form. New York Life Insurance Company reserves the right to request medical information to determine an applicant's medical eligibility for coverage. Based on the age of the person proposed for insurance and the amount of coverage requested, a physical examination, EKG, blood test, or other information may be required. Not all applicants will have to supply additional information. However, if it is required, New York Life will arrange for an independent professional paramedic to contact you to perform these simple tests at your convenience. The exam and blood test are free of charge.

ACCELERATED DEATH BENEFIT

This benefit is available to help terminally ill insureds during a difficult and often financially challenging time. Under this provision, the member may request one advance payment equal to 50% of his or her (or a dependent's) in-force life insurance, up to \$500,000, to be paid while he or she is still alive. The amount of insurance payable after the insured's death will be reduced by any payment made under this benefit, and premiums remain payable. The money can be used in any way you choose—to help cover high prescription drug costs, medical bills, outstanding debts, experimental treatments, or the cost of modifications to your home. To qualify, a terminally ill insured must be under age 74 and provide the insurance company with proof of terminal illness and anticipated life expectancy (12 months or less: Illinois residents 24 months), as well as any other medically necessary information requested. For additional details and limitations, please see the Certificate of Insurance. Please note that receipt of accelerated death benefits may affect your eligibility for public assistance programs and may be taxable. Prior to applying to receive such benefits, you should consult the appropriate social services agency and seek the advice of tax counsel. The accelerated death benefit is not available to residents of Massachusetts.

*Premiums payable quarterly, semiannually, annually, or via monthly pre-authorized check payment.
